

Apalachee Regional Park Planning Committee
Criteria for Uses

Established December 8, 2005

Presented to the Board of County Commissioners on January 10, 2006

1. Community Interest – Is this activity of interest to the community as expressed through a survey and public meetings?
2. Showcase Potential – Does this activity offer an opportunity to demonstrate state of the art design and/or implementation techniques which would make the park unique?
3. Diversity – Does the activity support attracting a diverse population of citizens to the park?
4. Availability – Are these activities provided at any other park or is their sufficient involvement to warrant additional facilities?
5. Connectivity – Activities that encourage connecting the park to other area parks.
6. Passive Uses – Activities that provide passive use of natural features or provide wildlife habitat.
7. Pollution – Does the activity cause a lighting or noise or impact on the residential neighbors?
